# *Welcome to the Innovation Generation Challenge*

*a challenge for middle and secondary students to start their own businesses!*

---

**The Innovation Generation Challenge connects budding young entrepreneurs with the marketplace in a way never seen before. By connecting young entrepreneurs with community business members, we're uncovering the next breed of business gurus in the Central Okanagan!**

---

The iGen challenge is for grade 7-12 students that want exposure to mentors and learning in innovative sectors of our local economy. The students gain access to mentors from local businesses to help them find innovative solutions to real world problems. Students will be guided through a startup process to create companies and pitch their ideas to members of the innovation ecosystem in the Central Okanagan. Many young entrepreneurial minds in our schools need coaching and opportunity to innovate. The iGen challenge has been created to meet this need.

## ***What Students Will Learn:***

***We would like to invite you to go over our sponsorship opportunities.***
