

Freedom of Information and Protection of Privacy

The Freedom of Information and Protection of Privacy legislation came into effect for schools in the fall of 1994. To ensure that the School District complies with the legislation, we ask that you please read the following information carefully, complete and return this form.

On occasion our school would like to have contact with parents to consult with them directly about school issues or meetings, or to plan school related activities. The school will normally make your name, home address and phone number as well the child's name and grade available, on occasion, to others responsible for organizing these types of activities. Your personal information will not be disclosed directly to anyone for business or commercial purposes.

The School District has traditionally allowed district staff and the media to photograph individual students and groups of students to commemorate events and to promote various educational, sports and cultural events taking place in the School District. On occasion pictures may be used in print and electronic media to acknowledge successes or make the text information more enjoyable and personal. While photographs add to the community life of our school, they are not required for education purposes. Students' names, photographs and comments may be published in the school yearbook, newsletter or webpage, and on occasion, in the School District calendar, annual report, brochures or webpage, as well as in the news media. Parents must provide the School District with permission to allow the publication of your child's full name or photograph.
